

An instruction for the authors

Kaori Nagatou

Kyushu University, Japan / JST PRESTO

(joint work with M. T. Nakao, Kyushu University)

We are planning to make an extended abstract book for “International Workshop on Verified Computations and Related Topics”. Please prepare for the abstract of your talk due to the form of this sample TeX file and send the PDF file (better with your TeX source file too) to

`iwvc2009@math.kyushu-u.ac.jp`

until **20th January, 2009**. The length of your abstract should be between 2 and 10 pages. You will receive the abstract book in the conference venue.

Thank you for your great contribution for this workshop. We are looking forward to seeing you in Karlsruhe.
